

# GridironGodz (GGZ) Whitepaper

Version 1.0 | June 2025

---

## Introduction

GridironGodz (GGZ) is a decentralized meme-powered token built for football fanatics, fantasy leaguers, and crypto degens who live for hype, competition, and victory. GGZ merges the excitement of football culture with the power of decentralized finance, creating a fun, high-octane ecosystem where holders earn rewards, claim burn bonuses, and dominate the meme field. We are not affiliated with any professional sports league. We are fans first, founders second.
